DETAILED ACTION

Priority

Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 26,27,29-32,38,39,40 and 43 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In line 10 of claims 26,29,31 and 32, "the pressurized cryogenic liquid" lacks clear antecedent basis. This can be corrected by adding --pressurized-- after "columns," in line 9 of each of the above listed claims. At the end of line 9 of claim 39, "means for pressurizing the cryogenic liquid" should be added. The claims not specifically mentioned depend from one of the above claims, so they are unclear due to this dependency.

Response to Arguments

Applicant's arguments with respect to claims 26,27,29-32,38,39,40 and 43 have been considered but are moot in view of the new ground(s) of rejection.

The new rejection deals with matter that was added to the above claims (modified from earlier independent claims). Calls to make the above changes by examiner's amendment were not returned.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
